	<ul style="list-style-type: none"> • A list of Keyholders for the Emergency Supplies Container shown in priority order will be published on the Village Facebook Page. • The siting of the Emergency Supplies Container will be reviewed to improve accessibility. • Additional keys for the Container will be cut and allocated. • The creation of an Emergency Plan or revision of the outdated document will be actioned. • The use of a 'Whatsap' Group to disseminate information will be examined. • The Village drains have now been cleared by VIA. • There appear to be general issues with Pumping facilities further North of the Village that may be impacting on water levels in the Village. • The content of two specific letters submitted by residents was considered. Some of the issues mentioned relate to the infrastructure in the Village and the fact that much of it was provided at a time when the demands made upon it were far less. This clearly is a longer term issue and one where some Capital spend may be required to address.
